Wand Wars VR seems like a great game however there are many problems with the game which might make it unplayable. I have not played the game for long however not being able to hear anything is a big factor in my overall review. Since this game is very new it would make sense that there are very few forum posts to help solve some issue. If you wanted to get this game then i would wait a few months so the game can improve and get easier to fix.. Welp, I can't recommend it since the game just won't work, I'm getting a black screen when I'm starting the game, and it's a pain to try to quit the app. It does seem fun tho from what I can look at the the videos.. I beat the first boss so only a partial review. I had to make sure there was more than just the one environment and there is. also different types of enemies start to appear.

The is a magic RPG. Been playing a while and in a weird way it's been hovering between terrible and addictive. There are some bugs and some jankyness but at the same time glimpses of awesomeness. The graphics are pretty awesome. Enemies look great. Spell casting feels great.

Only teleport so if that bothers you then turn back now. For me it's not big deal. It would be hard to add any other type of locomotion because the boss is to dart around quickly to avoid his attacks.

The addictiveness also comes in the upgrades. There's a perk system but you also find new wands, claws, and robes each with different stats essentially allowing fully customize your equipment.

If little bugs and weirdness and Chinglish bother you, turn back now. Othersize if you've played Children of the Collosus this is from the same developer so think that game mixed with something like Orbus VR and you get the picture.. It does seem fun tho from what I can look at the the videos.. Would be even better if it was in English, NO way of changing the Language to English. Uninstalled as a result, Otherwise a great game. Please translate to English or at least give us the option to change Language at the Main Menu, Not everyone can read foreign languages.
